

VERSE 1:

G Am D
Fragile memories garnering power of all the faintest of whispers
G Am D
The ones that chill the bone, make us doubt to the core who we are
C G C Em C (D)
We were made to reign and have dominion, oh how easily we stray
G C Am D
Each step forward is lightening the load. The glimmer in our eyes lets you know

CHORUS:

G Am D
We will conquer, one by one by one, by one by one by one
G Am D
Though we tremble step by step, holding steady, moving onward

VERSE 2:

G
No, they don't know you like the still small voice
Am D
Piercing through the lies here and there
G Am D
Telling of your brilliance, the champion inside, born to overcome
C G C Em C (D)
We were made to care for one another, oh how easily we stray
G C Am D
Each step forward is lightening the load. The glimmer in our eyes lets you know

CHORUS:

G Am D
We will Conquer, one by one by one, by one by one by one
G Am D
though we tremble step by step, holding steady, moving onward

BRIDGE:

C G C Am Em
I'll overthrow this Tyrant in my mind, plotting my demise
G C Am D
But Love won't let me go to waste oh no! This is not in vain

CHORUS 1:

G Am D
We will conquer, one by one by one, by one by one by one
G Am D
Though we tremble step by step, holding steady, moving on
